Heather Szerlong, PhD

Founder and CEO of Tickology

The 2nd Rocky Mountain Forum provides an excellent opportunity to learn about the rapidly changing status of Lyme and other tick-borne diseases, risk of exposure here and throughout the US, challenges of diagnosis, and prevention practices. Join us to increase your awareness of the multiple diseases that ticks may transmit that can affect the health and wellbeing of your family, patients, students and pets. Ask your questions here!

June 3, 2017

8:00 am – 12:30 pm

American Mountaineering Center

710 10th Street • Golden, Colorado
